## REC Chairman flags off first fleet of electric staff vehicles

Dewangan also inaugurated a fast charging station, which is powered by a rooftop 1 MW (approx) solar plant and therefore, the EV fleet will run on green power, contributing to zero pollution.

New Delhi: REC Chairman and Managing Director Vivek Kumar Dewangan on Thursday flagged off the first fleet of electric staff vehicles in Gurugram. In a path towards a green future, REC Ltd has set a target of replacement of all conventional staff vehicles with electric vehicles by 2024-25, a company statement said.

"In a transition to EV mobility, Vivek Kumar Dewangan, Chairman & Managing Director (CMD), REC Limited flagged off the first fleet of Electric Vehicles (EV) on Thursday at REC World Headquarters, Gurgaon," it stated.
