This collaboration with NICS I will enable REC in providing one-stop end-to-end NIC/ NICS I Software products deployment, hosting, core roll-out, technical support, security, services, system administration, etc.

REC inks MoU with NICSI for ICT & Digital Transformation

The Rural Electrification Corporation Limited (REC), now a 'Maharatna' company under the Ministry of Power, has entered into a Memorandum of Understanding (MoU) with the National Informatics Centre Services Inc. (NICSI) under the National Informatics Centre (NIC), part of the Ministry of Electronics & Information Technology, Government of India. The MoU focuses on various Information & Communications Technology (ICT) and Digital Transformation Services. This collaboration aims to bring the latest technology, including IoT, Artificial Intelligence, Machine Learning, Data Analytics, Blockchain, and Cyber Security, to the REC ecosystem. The partnership will allow REC to deploy, host, and provide technical support for NIC/NICSI Software products, contributing to a comprehensive digital transformation.

REC Limited, as a Non-Banking Financial Company (NBFC), primarily focuses on Power Sector Financing and Development across India. With over fifty years of experience, REC has played a crucial role in funding various projects in the power sector, including Generation, Transmission, Distribution, and Renewable Energy, significantly contributing to India's power infrastructure.
